- 

## Education

### Bachelor of Engineering (B.E.) in Computer Science and Engineering

Jain College of Engineering and Research, Belagavi.

Dec 2021 – May 2025

**CGPA: 8.07**

### Pre-University Education

Tungal Science Composite PU College, Jamkhandi

Jun 2019 – Jul 2021

**Aggregate: 72.50%**

### Karnataka Secondary Education Examination Board

Government High School, Shiragur

Jun 2018 – Apr 2019

**Aggregate: 83.84%**

---

## Projects

- **Student Result Management System** (Python, Django, SQLite3)
    - Developed a web application that automates result processing from uploaded PDF mark sheets. And reduced faculty workload by generating insightful academic analytics. And Implemented secure database management and efficient backend logic.
  - **E-Commerce Website** (React.js, Node.js, MongoDB)
    - Contributed to the development of an e-commerce platform using React.js (frontend) and Node.js with Express.js
    - Designed and optimized MongoDB database schema for efficient data management. And Implemented REST APIs for seamless integration between frontend and backend.
  - **Netflix Clone** (React.js, Firebase, TMDB API)
    - Built a Netflix clone with React.js and a responsive UI. And Integrated Firebase Authentication for user sign-up, login, and logout. And Fetched and displayed movie details dynamically using the TMDB API. And Gained experience in API integration, state management, and routing in React.
- 

## Certifications

- **MERN full Stack Development** – Robowaves
- **Fullstack Web Development** - Pranaksh Technologies LLP
